Thomas was granted a license as abstractor upon filing a bond of \$10,-

Willard Kofford was apointed road supervisor for Provo Bench precinct. G. A. Wall was appointed constable of Leni precinct. County Attorney Page gave a verbal opinion to the effect that the commiscioners could not cancel tax salese, but could remit costs and interests.

STUDENTS WILL DIG.

On Friday and Saturday the students of the Brigham Young Academy-the male portion-will take a lesson in manual training that is no part of the regular curiculum. They intend to dig a sewer trench from the academy to Seventh street—nearly six blocks—for the purpose of enabling the school bilidings and grounds to be connected with the sewer system. It is a big piece of work for the two days, but the young men expect to accomplish it. The labor will be donated for the benefit of the school.

PROVO CITY COUNCIL, At the meeting of the city council last evening the following business was

transacted: The mayor's appointment of John T. Field for chief of fire department and estray pound keeper, was presented

and its confirmation moved.

Councilor McEwan asked Mr. Field of he was willing to drive the sprinkling wagon, if requested by the council. Mr. Field answered that he was perfectly willing to comply with the ordinance in regard to his duties, and afterwards said he was willing to drive the sprinkling hours. The kling wagon during working hours. The

The committee on streets and alleys recommended that the R. G. W. Ry. Co. be requested to discontinue stopping its trains on Twelfth street for passengers, instead of at the Smoot sta ion. The report was adopted.

The same committee recommended a

stone crossing be built over the mill race on Seventh and H streets,

The petition of S. S. Bailey et al to have a street opened between First and Seventh street, west of Fourth West street, was denied on the report of the committee on streets and alleys, and a recommendation to the effect that Fourth West street be put in good condition, was adopted. RELIEF SOCIETY MEMORIAL SER-

Memorial services were held in the abernacle yesterday by the Relief So. cieties in commemoration of the organi. zation of the Relief Society in Nauvoo in 1842. Mrs. Marilla Daniels, counselor to Stake president, Mrs. Mary John,

President David John delivered an excellent address on the mission of wo-

The following ladies then made brief speeches, mostly reminiscent of the days in Nauvoo, when the organization of the society was effected: Mrs. Martha Smith Harris, Mrs. Deborah Billings, Mrs. Hannah Smith and Mrs. Marilla Daniels. Mrs. Maud Taylor gave a historical

sketch of the organization at Nauvoo. Miss Florence Jepperson sang "The Holy City."
Mrs. Cornelia H. Clayton responded

LEHI.

BRIGHT PROSPECTS FOR SUGAR Western Conditions Propitious-Interview With Manager Cutler.

Lehi, Utah Co., March 18 .- Manager Thomas R. Cutler has just returned from the east, where he has been pur-chasing machinery for the Provo aux-iliary cutting plant, and placing orders

investigations led him to go to Louisiana, and speaking on the outlook for cane sugar in that locality, said that during the past two years the conditions have been rather adverse on account of the extreme wet weather, and it is very problematical whether thay

It is very problematical whether

will have a very profitable season ngain.
When asked what the prospects were for the erection of new sugar plants Manager Cutler stated that notwithstanding the great amount of talk that is being indulged in, there are but few beet sugar factories being erected in the east this year, and the reason for it is partly due to two or three of the recently erected plants being unsuc-cessful. The entire production of beet sugar in the United States last season was only eighty thousand tons, so, tak-ing the sugar question as a whole the

When Boy's Shoes are made of good leather, well put together and no seams to rip, isn't it reasonable to expect satisfaction? Robinson's Seamless Shoes for

ROBINSON BROS. CO., SHOE BUILDERS, 124 Main St.

industry has made no remarkable stride as yet. Mr. Cutler also said that after getting a great deal of information on the sugar question in the east he could only reiterate what he has heretofore said that our conditions in the west are much more favorable to the building of new factories than they are in other

localities where he has been.

There is a scarcity of labor in the Southern States, partly caused by the high price of cotton during the past two years, said Mr. Cutler. The planters have largely increased their acreage in cotton, and the price paid there for labor, only averaging 70 cents per day, offers very little inducement when better waves are said in the west. when better wages are paid in the west. A laborer on sugar plantations in Louisiana only receives 60 to 70 cents per day, except during the harvesting sea-

oay, except during the harvesting season, when he is paid \$1 per day. In visiting in the South where factories are located, Mr. Cutler found quite a number of them that were equipped with ancient machinery and had ceased operations, and the high price paid for rice has induced many of the planters to turn their attention to the cultivating of that cereal. Irrigation is resorted to in many instances gation is resorted to in many instances the farmers are obtaining water by pumping from the Mississippi river, and much of the land that has hitherto deemed unavailable is being planted to rice.

Chief Engineeer M. W. Ingalls, who went east with Mr. Cutler, is still there gathering up and shipping the machinery for the Provo plant

BEET GROWING OUTLOOK. Mr. Heber Austin, assistant agricul-tural superintendent of the Utah Sugar company, has just returned from San-pete and Sevier counties, where he has been for the past two weeks contracting for beets. Some of the progressive towns of these districts are taking great interest in beet culture, and there will be planted in these two counties at least 700 acres of beets for the coming campaign of the Utah Sugar Co. The prospects for water is very good throughout the beet growing districts, and the farmers are taking great pride in preparing their leaf pride in preparing their land and getting it in shape for the planting of seed. The Utah Sugar Co, is well equipped with seeders, having about 80 drills, which will all be in operation about the 1st of April, when the seed will be rushed in very rapidly. Superindent Geo. Austin says that the acre age now contracted for by the Sugar Co. is very satisfactory, and with

the mountains, the coming season will undoubtedly be the banner year in the history of the Utah Sugar Co. The Utah Sugar Co. is now testing the beet seed as to germination, so the farmers need not fear that they are going to get any inferior seed whatever. The mother beets also will be analyzed in the course of a few days and those containing a high centage of sugar will be planted for

the splendid supply of snow now in

SPRINGVILLE.

Funeral Services Over Remains of Mrs. Mary G. W. Brailsford. Special Correspondence.

Springville, Utah Co., March 17 .- The Symmetric, ottan Co., March 17.—The funeral services over the remains of Sister Mary Goddard Williams Brailsford, were held today at the First ward meeting house, Bishop George H. Maycock presiding. Besides the family of the deceased many friends both from other wards in Springelle. other wards in Springville and many from Provo were present. The assembly was addressed by Elders Albert Jones of Provo, John W. Wordsworth and

of Provo, John W. Wordsworth and James Hall, who paid a high tribute to the worth of the deceased, who all her life long had been true to the cause her life long had been true to the cause of her religion.

A large number of her friends followed the remains to their last resting place, where Elder Thomas Blanchard offered the dedicatory prayer.

The deceased was born in Oldham, Lancashire, England, August 24, 1831, and was among the carliest converts in

and was among the earliest converts in England. She emigrated to Utah in 1881, direct to Provo, where her hus-band, Mr. Williams, died in July, 1890; removed to Springville in 1892, where she married James Brailsford. She died Friday last, the 15th of March, 1901. Four children survive her, three living

here in Utah and one in England.

The impetus given Utah county in its division into three Stakes is felt at Springville. The afternoon meeting was well attended. Elders Richard L. Bird and John Hafen of the Latter-day Saints' College, Sait Lake City, addressed the congregation, followed by Thomas Loynd and Bishop Anderson. Jacob Hadfield, residing in the south-east of Springville, is in a very critical

PAROWAN.

DEATH FROM SMALLPOX.

Sad Affliction-Heroism of Miss Alyce Lyman-Shocking Accident.

Special Correspondence. Parowan, Iron Co., March 16.-Some two or three weeks since Orrin Rose returned from Stateline (where he had been endeavoring to make means for the support of the family) when he found his home had been invaded by smallpox, the board of health did not think it wisdom for him to enter the home, but he felt it was necessary that

he should assist his wife in caring for the afflicted children. Brother Rose was the last one of the family to contract at the beginning, and it proved more than his constitution could endure, and the sad sequel is that Sister Mabel Rose is today a widow, with four children to support. During the continued filness of the family, Mrs. Rose was illness of the family, Mrs. Rose was overtaxed, which brought on premature illness, leaving the family most deplorably helpless. People being afraid of contracting the disease declined to go, until Miss Alyce Lyman, daughter of Chas. R. Lyman, heard of the sad condition of the Rose family and kindly volunteered her services, and she has proven herself to be a noble heroine, the scenes she has witnessed would melt a heart of adamant beside the exposure of herself to the disease. It is posure of herself to the disease. It is truly grievous that the smallpox story in our town, should have such an ending. Most of the quarantined have been granted their liberty today, about a half dozen telltale flags are all that are left, and the cases are very

SHOCKING ACCIDENT.

Word has just come, that Wilford Day, while excavating a well on his farm has met with a severe accident. He had been lowered to note the progress made by the workman, when holsting him the windlass broke, letting him fall violently, part of the windlass falling on him. At this writing he is unconscious, though no bones are brok-en. Dr. Middleton has been telegraphed for from Cedar City.

FARMINGTON.

Saleswomen

In the vast retail establishments of large cities, many women are employed as saleswomen.

Men formerly held the positions that women now hold, and while women's organism is less strong than men's, they are expected to do the same work. Their duties compel them to be on their feet from morning to night, and many of them in a short time, contract those distressing complaints called 'female diseases."

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, general debility, and nervous prostration.

They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness.

In such cases there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following letters prove this. They also prove the value of Mrs. Pinkham's advice.

"DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines thanking you for your advice. I did just as you told me in taking your medicine, and owe my life to you. You are like a mother to your sex. I was awfully sick, was all run down and felt sick all over. I looked like a person brought out of the grave. My face was as white as the driven snow. I was always tired after doing a little work and would have to sit down. I was troubled terribly with headaches and my appetite was not good; also, troubled with shortness of breath something awful for about a month. I could not go up one flight of stairs without being tired and having to stop to get my breath. I was feeling just as miserable as could be. I took two bottles of Lydia E. Pinkham's Vegetable Compound and cannot express my thanks to you for what your medicine has done for me."—MISS M. F., 35 Devon St., Grove Hall, Roxbury, Boston, Mass.

"I Can Work Every Day in the Week Now."

"DEAR MRS. PINKHAM :- I write this letter for you to publish for the benefit of poor, suffering women. Lydia E. Pinkham's Vegetable Compound has done me a great deal of good. I have taken three bottles and feel like a new woman. When I began the use of your medicine I was hardly able to be up; could not do half a day's work. I ached from head to foot, was almost crazy, had those bearing-down pains, and stomach was out of order. Now all of these troubles have left me and I can work every day in the week and not feel tired."—MRS. JENNIE FREEMAN, 402 Pennsylvania Ave., Lima, Ohio.

REWARD
Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,500, which will be paid to any person who can show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—Lydla E. Pinkham Medicine Co.
